

## My Favourite Toy

1D Liu Ming Wa, Jayden

My favourite toy is a laser toy gun because I can pretend to be a policeman. Mummy bought it for me when I was in kindergarten. We had a play about what we wanted to become when we grow up. I was a policeman in the play, so mummy bought the laser toy gun for me.

The gun is blue. It is big. There is a Doraemon printed on it. It is very loud. I love my toy gun.
