

Last Summer

Last summer, I travelled to Tokyo with my family. I stayed there for a week. I was happy because Japan is my favourite country.

After we arrived, we went to Sanrio Puroland. There are many cartoon characters. They were very cute, so I took photos with them. Then, I ate a lot of Japanese noodles and sushi. They were delicious!

Finally, I bought a robot for my cousin before I left. I enjoyed my summer holiday very much!

Sunny

Yesterday was such a lovely day. I went to Wetland Park with my family. We saw different kinds of birds and insects.

After visiting the Wetland Park, we went to my friend's house. We played some video games and ate some snacks. We watched an adventure movie. It was getting late, so we went back home.

I felt tired but I was happy to spend a wonderful day with my friends.
