

Last Chinese New Year

3C Lyu Jiwei, Angela

On Chinese New Year Day, my parents decided to take my brother and I to Ocean Park.

Before going there, I was very excited and read lots about the animals and rides at Ocean Park. When we arrived there, we watched the dolphin show first. Then, we went to the aquarium to see the beautiful jellyfish. After that, we played lots of games, rode the roller coaster and the carousel as well.

At the end of the day, we were tired but happy because we had a lot of fun on that day.

My Family

3C Lau Hiu Nam, Charissa

I love everyone in my family.

I love my dad because he is talkative and also very funny. He always tells jokes. My mum is friendly and nice. But sometimes she can be scary mostly when she is angry. My brother is tall. He is also very playful. He loves to play video games and also play tricks on me. My grandmother is old, but she is strong. Every day at seven o'clock, she goes to the park to do some exercise. Sometimes, my brother and I go to the park with her.

At the weekends, we often go to the park and the mall together. We like to have lunch at the restaurant in the mall.

If someone asks me where my favourite place is, I would say, 'my home' for sure. I think my home is the warmest place because of my family. I love my family.
