

## A Day Trip in Hong Kong

5C Leung Hin Ming, Aidan

Last month, I went on a day trip in Hong Kong. I was thrilled when I got there.

First, I went to Tsim Sha Tsui to have breakfast. I ate a piece of toast and some fried eggs. I tried some milk tea too. The Hong Kong style breakfast is very special and delicious.

Then, I went to Hong Kong Space Museum. It is also in Tsim Sha Tsui, so I went there on foot. I saw many interesting things, such as models of the moon, the sun and some planets. They are beautiful. After that, I went to Garden Street and bought many souvenirs. After buying my souvenirs, I had seafood dinner at a very famous restaurant there.

I felt very happy. I really want to go to Hong Kong again.

## A Genie from the Wardrobe

One morning, Eric and Alan wanted to have a picnic in the forest, but they lost their way. While walking, they saw a castle. Alan said, 'Let's go inside. I am so tired of walking.' So, they went into the castle.

When they went into a room in the castle, they saw a wardrobe and an old bed. Outside, the wind grumbled and rumbled, so they drew the curtains to keep them warm. Eric said, 'Let's hide in the wardrobe!'

When they opened the wardrobe, a genie suddenly appeared out of the wardrobe. Alan shouted, 'Look! A genie!' Eric squeezed his eyes shut. The genie said, 'I will kill you!'

In the end, they wriggled down the bed and the genie couldn't find them. So the genie went back into the wardrobe. Then the boys ran out of the castle, ran out of the forest and went home as quickly as possible. None of them wanted to talk about the castle again.
