

## A Day Trip in Hong Kong

5E Lo Tsz Ching, Sarah

I went to Ocean Park with my family last month. I went there by MTR.

When we arrived, I visited the Panda House. There was one panda. It was so cute. The panda was eating some bamboo. I took plenty of photos of the panda.

After that, we went to the amusement park. We played on the merry-go-round. I was so happy.

Next, we went up the hill by cable car to see the dolphins. Although the queue for the cable car was too long, we waited patiently. Then, we watched a dolphin show. The dolphins were funny. I liked the dolphin show.

In the evening, we had dinner in a restaurant at Ocean Park. After dinner, we went home. It was around eight o'clock.

Ocean Park is definitely a great place to spend a family day. It is relaxing. I really want to visit Ocean Park again.
