

An Unforgettable Experience

6B San To Lam Yuet, Becca

Dear Peter,

How are you? Are you having fun in Japan? When are you coming back? Would you like to hear something cool?

Well, last Sunday, Mum, Dad, and I went to Victoria Park to join a sponsored walk. We were excited. Guess what happened during the sponsored walk?

When we arrived at Victoria Park, there were many people. Everyone was so excited. After a while, we started to run. Along the way, some people gave us water. We were very thankful to them.

When the sponsored walk was over, I have learnt that happiness lies in giving help to others. You really should join the sponsored walk. Let's do it together next year!

Best wishes,

John

The Person I Admire

6B Sum Kwan Ho, Rex

The person I admire most is Chris Ng. He is my friend and classmate. I have known him since we were in Primary One. I think he is cute and positive.

I admire Chris Ng because he is helpful. I am the key keeper in my class. When I am on duty during the recess and am unable to help my classmates to open the classroom door, Chris helps me. He also helps me to keep the key.

Moreover, I like him because he is very generous. He always shares his snacks with me and his friends. He also shares his pens and pencils with me when I forget to bring them.

I have learnt to be helpful and generous from Chris Ng. I have also learnt that sharing my things and helping other people can make me happy.
