

## An Unforgettable Experience

6D Jiang Zhi Yao, YoYo

Dear Peter,

I would like to share my unforgettable experience with you.

Last Saturday, I went to Ocean Park with my family. We did so many wonderful things there.

When we got there, we visited the aquarium and saw many beautiful fish. Then, we rode on the cable car. We also played some booth games there. I won a big cute doll.

After having lunch at the fast food shop, we rode on the roller coaster. It was so exciting. Finally, we rode on the big Ferris wheel. I was very tired, but happy.

Visiting Ocean Park was my most enjoyable experience.

Your friend,  
John

## Save Us, the Endangered

6E Lai Tsz Long, Bosco

I am a sun bear. I am either brown or black in colour. I am quite big. I live in the tropical rainforests of Southeast Asia. I eat honey and insects. My tongue is long—about twenty-five centimetres. Now, there are just 1, 821 of us left.

There are not many of us left in the world because some people keep us as pets and others capture us for our bile. There are also people who cut down our beautiful trees, so we have no habitats.

Please stop hunting us and don't use our bile to make Chinese medicine. I want to say to humans, 'Stop cutting trees and don't hunt us anymore!'
