

My Best Friend

3A Ho Ching Yu, Jamie

My best friend is Miley. We study in the same homework class. She is eight years old. She is beautiful. She has small eyes. She is friendly and she smiles every day. She is also nice and funny.

Miley is good at English and Maths, but she is weak in Pinyin.

Yesterday I played games with her in the park. It was fun! We played skipping games. I won the game, so I was excited.

I like to be her friend. No one can beat our friendship.
