

An Amazing Day

4B Poon Nok Ching, Hailey

Last Sunday, I went to Ocean Park by MTR. I was looking forward to this day. I woke up early in the morning and helped Mum to pack things. We prepared some food and drinks for the day.

When we arrived, we decided to visit different kinds of ocean animals first. We saw the walruses, penguins, dolphins and sharks. Then we went to the Ocean Theatre to watch the dolphin show. The dolphins were funny and smart.

After the dolphin show, I went to the souvenir shop. I bought two cute dolls there. Then we had lunch at the restaurant. Finally, after a long and tiring day, we took the cable car back to the entrance. We were thrilled that it was such an amazing day.

An Amazing Day

It was our school Christmas party yesterday. I was thrilled. I woke up at six o'clock in the morning. The school bus picked us up from home to school.

After the morning prayer, we watched an amazing dance and sang songs. After that, we played some exciting games and had a lucky draw. Each of us got a mysterious gift. After the lucky draw, we ate some delicious food. We went back home at eleven thirty-five in the morning.

At home, I took a nap because I felt exhausted, but I was happy because I had an amazing day.
