## My Birthday

It was my birthday today. We went to Ocean Park. I went there with my friends. When we arrived, we were very excited. We went to play some games. My friends paid some money to play the games. I felt very happy because I liked all the games!

At night, we went to have a special dinner because it was my birthday! We went to "Star Restaurant" and had dinner. I liked eating salmon and pancakes, but today I ate fewer pancakes because they were so sweet!

We were so happy. Thanks to my friends for celebrating my birthday with me! I love you all!
